

CONTENTS

<b>Less Commonly Used Membrane Desalination Technologies</b> - Brian Bolto, Manh Hoang, Thuy Tran.....	5
<b>Effects of <i>Pinus Massonian</i> Plantations on Soil Macroarthropods in Degraded Ultisol, Subtropical China</b> – Chengcheng Ding, Feng Hu, Jing Zhou , Zhihong Cao, Huixin Li, Zhengkai Dai.....	17
<b>Evidence for Methyl Nitrite as an Exhaust Component from Engines with Certain Fuels</b> - Peter M. Joseph.....	21
<b>Levels of Polychlorinated Dibenzo-p-Dioxins and Dibenzofurans in Dust and Air from Lublin</b> - Aneta Duda, Jacek Czerwiński.....	33
<b>Leaching of PAHs from Fly Ash – Sludge Blends</b> - Czesława Rosik-Dulewska, Urszula Karwaczyńska, Tomasz Ciesielczuk.....	41
<b>Characterization of the Biomethanization Process in Selected Waste Mixtures</b> – Agnieszka Montusiewicz, Magdalena Lebiocka, Małgorzata Pawłowska.....	49
<b>Influence of Ozonation on Leachate Quality from Landfills with Different Degrees of Solid Waste Pre-Treatment</b> – Magdalena Lebiocka, Agnieszka Montusiewicz, Małgorzata Pawłowska, Janusz Ozonek, Ewa Szkutnik , Marcin Roslan.....	63
<b>Application of Fibrous Ion Exchangers for Removal of Heavy Metals from Sewage</b> - Henryk Wasąg.....	71
<b>The Influence of Thiuram on the Mobility of Heavy Metals in Soils</b> - Barbara Jankiewicz, Dorota Adamczyk.....	83
<b>Contamination of Soils with Heavy Metals in Region of Łódź</b> – Anna Turek, Jacek Krystek, Wojciech Wolf, J. Kubicki.....	91
<b>Co-Fermentation of Sewage Sludge and Waste from Oil Production</b> - Katarzyna Bernat, Andrzej Białowiec, Irena Wojnowska-Baryła.....	103
<b>The Effect of Mechanical Pretreatment of Municipal Solid Waste on its Potential in Gas Production</b> - Andrzej Białowiec, Katarzyna Bernat, Irena Wojnowska-Baryła, Marek Agopsowicz.....	115
<b>Application of the TDR Method for the Measurement of Moisture in Degraded Soil Enriched with Biona-312 Substrate</b> - Mariola Chomczyńska, Zbigniew Suchorab.....	125
<b>Completing Missing Data in Air Monitoring Stations Using Diurnal Courses of Regional Pollution Concentrations</b> - Szymon Hoffman, Rafał Jasiński.....	133
<b>Sorption Process for Migration Reduction of Pesticides from Graveyards</b> - Katarzyna Ignatowicz.....	143
<b>Relationships Between Phosphorus Distribution and Major Components in the Bottom Sediments of the Solina-Myczkowce Reservoirs</b> - Lilianna Bartoszek, Janusz A. Tomaszek .....	151
<b>Possibilities of the Agricultural Use of Decoctions from the Alcohol-Distilling Industry</b> - Beata Rutkowska, Wiesław Szulc, Jan Łabętowicz, Anna Gutowska .....	163
<b>Pathways of Polychlorinated Dibenzothiophenes (PCDTs) in the Environment</b> - Jacek Czerwiński .....	169
<b>Methanotropic Activity of Coalbed Rocks from „Bogdanka” Coal Mine (South-East Poland)</b> - Zofia Stepniewska, Anna Pytlak.....	183
<b>Accumulation of N-NH<sub>4</sub> and N-NO<sub>3</sub> in Pine Under Conditions of Nitrogen Stress</b> - Apolonia Ostrowska, Grażyna Porębska .....	193

<b>The Application of Spent Ion Exchangers as K-Carriers in Restoration of Degraded Soils - Model Studies</b> – Magdalena Zdeb, Mariola Chomczyńska, Vladimir S. Soldatov, Lucjan Pawłowski.....	201
<b>Sediment Samples from the Dobczyce Dam Reservoir (Southern Poland)</b> - Mariusz Macherzynski, Witold Reczyński, J. Sanecki, Jerzy Górecki, Janusz Gołaś.....	211
<b>Possible Recycling of Spent Filter Backwash</b> - Marina Valentukeviciene.....	223
<b>Impact of Activated Sludge Flocs Properties After Sonication in Relation with Heavy Metal Uptake</b> - Julien Laurent, M. Casellas, Christophe Dagot .....	229
<b>Commercial Penta-BDE Mixtures in Dust Samples from Indoor Environments in Lublin, Poland – a Case Study</b> - Amelia Staszowska , Bernard Poędnik, Marzenna R. Dudzińska, Jacek Czerwiński .....	239
<b>Effect of Chemical Stabilisation of Sewage Sludge on the Fate of PAHs</b> - Ewa Wiśniowska.....	249
<b>Preparation of Wastewater Samples for GC-MS Analysis of PAHs</b> - Maria Włodarczyk-Makuła.....	259
<b>Environmental Factors Affecting the Biomethanization Process</b> - Agnieszka Montusiewicz.....	265
<b>The Number and Size of Samples Required to Measure the Saprobe Population at Various Pollutant Concentrations in Sewage</b> - Grzegorz Łagód, Henryk Sobczuk.....	281
<b>Variability of the Non-methane Volatile Organic Compounds (NMVOC) Composition in Biogas from Sorted and Unsorted Landfill Material</b> - Małgorzata Pawłowska, Jacek Czerwiński, Witold Stępniewski.....	287
<b>Characteristics of Microbial Communities in Biomethanization Processes</b> – Agnieszka Rozej, Agnieszka Montusiewicz, Magdalena Lebiocka.....	299
