No. 4 (20) 2008 The Magazine of the Polish Academy of Sciences

## Research in Progress

### Regulated Resistance

Anna Chelmońska-Soyta, Tomasz Maj  
Sperm cells, being foreign to the female immune system, should be destroyed by it – but nature has found a solution

## Focus on

### When Continents Collide

Robert Anczkiewicz  
The Himalayas were lifted up by a collision of continents, a process still underway today

## Briefly Speaking

### One Must Try to Understand

Barbara Skarga  
“A person has to maintain a sense of distance towards their own experiences,” says an eminent Polish philosopher
