IN THIS ISSUE

4 FOCUS ON

METAL POLLUTION IN THE BALTIC

| Jacek Bełdowski, Magdalena Bełdowska

Heavy metals found in the Baltic Sea are harmful to the entire ecosystem, including humans.

34 BRIEFLY SPEAKING

WE ARE WHAT WE EAT

We talk to Prof. Marek Konarzewski, President of the Polish Academy of Sciences, about how evolution affects our food preferences and what to eat to enjoy good health.

40 INSIGHT

SUPERANTIBIOTICS TO COMBAT SUPERBACTERIA

| Maria Górna

The new types of drugs can fight even the most resistant bacteria and, through precision targeting, they have few side effects.

Focus on

- 8 Kamil Czaiński
ANCESTRAL LANGUAGES LOOK TO THE FUTURE
- 12 Piotr Celiński
MEDIA UP CLOSE
- 15 Artur Modliński, Aleksandra Przegalińska-Skierkowska
HARNESSING AUTONOMOUS TECHNOLOGIES
- 18 Arkadiusz Marciniak
IN PURSUIT OF PROGRESS IN ARCHAEOLOGY

Research in Progress

- 22 Łukasz Pawlik, Marcin K. Dyderski
MODELING TREE SPECIES WITH RANDOM FORESTS
- 26 Katarzyna Sękwicz
GENOMICS TO THE RESCUE
- 30 Piotr Piotrowski
SELF-ORGANIZATION IN THE WORLD OF CRYSTALS

Insight

- 44 Piotr Dworzak
BETWEEN THE MARKET AND THE STATE
