Original articles

H.N. Kurucay, S. Gumusova – <i>Virological investigation on the presence of CPV-2 in the Middle Black Sea Region of Turkey</i>	5
K. Szczepanik, B. Kierończyk, P. Szymkowiak, M. Taciak, M. Barszcz, A. Tuśnio, K. Gawin, P. Dobrowolski, M. Świątkiewicz – <i>Effects of Hermetia illucens larvae full-fat meal and astaxanthin on the microbiome and histomorphology of the large intestine in piglets</i>	17
E. Dogan – <i>Clinical and immunological effects of Malva sylvestris and levamisole combination in the treatment of tricho-phytosis in cattle</i>	31
O. Pulkowska-Bluj, M. Trzcńska, P. Stefanowicz – <i>Effect of Tris-Citric-Fructose-Asolectin extender on mitochondrial activity and intracellular reactive oxygen species in cryopreserved dog semen</i>	39
A. Sitki, B. Diren Siğirci – <i>Zoonotic risk of Campylobacter spp. in urban wild birds: Prevalence and antimicrobial resistance profiles in Istanbul, Türkiye</i>	49
S.-M. Wei, Y.-M. Huang – <i>Evaluation of effectiveness of oleanolic acid in rat testicular ischemia-reperfusion injury model</i>	55
A. Piekara-Stępińska, A. Lachowicz-Wolak, J. Piekarska, M. Gorczykowski – <i>Presence of nematodes in giant African land snails kept as pets in Poland</i>	63
S. Kamiński, K. Oleński, D. Zalewski – <i>SNP panel for the evaluation of genetic diversity and relatedness in red deer (Cervus elaphus)</i>	71
R. Antanaitis, K. Džermeikaitė, J. Krištolaitytė, A. Rutkauskas, R. Stankevičius, A. Rekešiūtė, T. Vilkonienė, K. Tolkačiovaitė, S. Arlauskaitė, A. Girdauskaitė, J. Autukaitė – <i>Impact of essential oil feed supplementation during transition period on health and metabolic parameters in dairy cows</i>	81
Y.B. Wang, S.H. Wang, Y.C. Gao, J.W. Feng, F.Q. Zhang – <i>Optimized high-yield expression and antigenic characterization of a soluble pseudorabies virus gE protein in E. coli</i>	91
S.K. Behera, L. Maibam, M. Lalhmangaihual, B.D. Sahu, J. Sahu, A.N. Marak, J.B. Rajesh, P. Roychoudhury, G. Das, P. Chakraborty, W.K. Maibam, H. Prasad, P.K. Subudhi – <i>Genomic and immunoinformatic characterization of canine adenovirus type 1 in parvovirus-infected dogs: A comprehensive study from northeast India</i>	101
V. Özavci, Ş. Kirkan, H.T. Yüksel Dolgun, E. Karadaş, Y. Seferoğlu – <i>Prevalence of virulent Escherichia coli pathotypes in calf diarrhoea: molecular characterisation and antibiotic resistance profiles in Türkiye</i>	111

Short communications

R. Strzeżek, L. Fraser – <i>Comparisons of the hypo-osmotic swelling and water tests to assess functional membrane integrity (FMI) of dog sperm from the sperm-rich fractions (SRFs) and whole ejaculates (WEs)</i>	121
P. Mizia, B. Kordas, U. Mazur, J. Jarosławska-Miszkiewicz, N. Szyryńska, K. Wąsowicz, J.K. Juranek – <i>RAGE and Diaph1 deficiency affect retinal cytoarchitecture both in physiological and long-term hyperglycemic settings in diabetic mice – a preliminary study</i>	127

Review paper

G. Schuler, H. Wagner, U. Westerhüs, P. Pohlscheid – <i>Endocrine control of pregnancy and parturition in South American camelids and Old World camels and the resulting possibilities for hormonal pregnancy diagnostics</i>	133
T. Szara, N. Hadžiomerović, C. Bakıç, B. Can Güzel, O. Gündemir – <i>3D geometric morphometrics in veterinary science: applications, standardization, and future directions</i>	147
U. Paśławska, A. Grzeczka, S. Graczyk, K. Nowak, R. Paśławski – <i>Transapical Transcatheter Edge-to-Edge Repair (TEER) of the mitral valve using the V-Clamp system – A promising approach for minimally invasive cardiology in veterinary and experimental human medicine</i>	157
H. Zou, W.T. An, S.L. Huang, G. Luo, Z.P. Mu – <i>Advances in the application of natural bioactive compounds for the prevention and control of porcine epidemic diarrhea virus via the oxidative stress pathway</i>	165
