RULES FOR EDITING THE ABSTRACT AND KEYWORDS

The abstract contains a concise description of the structure and content of the article, research methods and conclusions. It should include about 1000 characters (with spaces).

Authors prepare an abstract and a list of about 5-8 keywords in Polish (only Polish-speaking authors) and English.

Please do not integrate the abstract and keywords into the article text, but enter them within the as part of the metadata when submitting the article through the Editorial System https://www.editorialsystem.com/snt according to the instructions therein.
